

MAFES Excellence in Research Awards

The Mississippi Agricultural and Forestry Experiment Station will recognize a faculty, research staff, and students who demonstrate excellence in research performance. All winners will receive a plaque, and the most outstanding faculty will receive \$2,000.

Eligibility

1. All MAFES faculty (excluding administrators at the associate director level or higher) are eligible for nomination.
2. All MAFES research staff are eligible.
3. All graduate and undergraduate students who have actively participated in MAFES research projects and have been enrolled in MSU during the calendar year are eligible.
4. No recipient of the award will be eligible for renomination for 10 years.
5. The sole criterion for the award being excellence in research performance

Nomination Process

1. Professional and faculty-level employees may submit nominations for the faculty research award. All employees may nominate for the categories of Research Support, Undergraduate Student, and Graduate Student.
2. Nominator must complete the Nominee Information Form and attach the required supporting material. Only one Nomination Form is required per nominee.
3. Nominations and signed documentation should be submitted to nominations@cals.msstate.edu.
4. Nomination packages must include a completed Outline/Summary of Nomination and 3-5 letters of support.

Selection Process

A peer committee made up previous winners of the MAFES Faculty Excellence in Research Award will be appointed by the Director to make a selection recommendation to the Director.
